

# IN SEARCH OF INSPIRATION

A LECTURE BY:

**DOMINIC WILCOX**

MONDAY 9TH NOVEMBER 2009, 4PM - 6PM

ROOM 137A, RICHARD HOGGART BUILDING, GOLDSMITHS

Dominic Wilcox is an artist, designer, inventor and thinkeruper who works within the territory of the 'everyday'. Everyday objects, environments, buildings, human interaction, no area of normality is out of reach. His work, which is usually layered with an ultra dry wit, places a spotlight on the banal, always adding a new, alternative perspective on things we take for granted.
